Criminalising & Usurping The Authority Of Parents Harms Children, Families & Society!

The War on Children in South Africa appears to be intensifying. [Sexual assaults on young children](#) in primary schools are soaring dramatically while sex crimes against teens remain rampant.

Despite this growing crisis, Soul City and various government departments are [pushing for the implementation](#) of "Comprehensive Sexuality Education" (CSE) in public schools.

CSE can more accurately be described as promiscuity, LGBT and abortion education. It is the Trojan Horse of sexual rights activists to indoctrinate your children with sexual perversions.

This diabolical agenda is aggressively advanced and funded by pro-abortion and pro-LGBT UN agency, UNESCO who [endorses the "rights" of 5 year olds to enjoy sexual pleasure](#).

I implore parents and Pastors to watch this [35 minute video](#) exposing the diabolical "Comprehensive Sexuality Education" lie. This video will arm you with the facts about CSE.

Please watch the video today and tell government what you think about Comprehensive Sexuality Education for youths on WhatsApp 079 439 5345.

CSE is a blatant attempt by global sexual rights radicals to sexualise children at increasingly younger ages. It will fuel the fire of sexual abuse of minors and child-on-child sex crimes.

Another attack on the safety and innocence of children is the W/Cape Governments proposal to amend the Schools Bill to [allow the sale and consumption of alcohol on school premises](#).

Children abusing alcohol is already a national health crisis in South Africa. Introducing liquor sales and consumption on school premises will undoubtedly escalate this scourge.

Please email W/C Education MEC, Debbie Schafer at Debbie.Schafer@westerncape.gov.za and respectfully request she abandon her misguided school liquor proposal in the W/Cape.

The UN driven agenda to criminalise parents that discipline their own children was given a boost when the JHB High Court ruled that [reasonable chastisement is unconstitutional](#).

This is the liberal secular humanists attempts to impose its bankrupt ideology on Bible-believing citizens. The lack of parental discipline has transformed our schools and universities into hotbeds of violence, sexual crimes, drug and alcohol abuse and declining education standards.

There is a huge difference between loving and responsible parental discipline and child abuse. Criminalising all parents because of a rotten few is not good child or family policy.

Parents supported by the Church must resist the State's encroachment on the family. Government or law courts usurping the authority of parents are worrying signs of a totalitarian state.

New Zealand's ["anti smacking" law](#) proves that criminalising parents does not reduce child abuse. It does more to harm children and families and undermine stable societies.

I appeal to Christian attorneys to appeal this disturbing ruling to defend and protect the God-given role and authority of parents to discipline their own children.

Please make a special effort to intercede for the children of SA. There are multiple attacks against the health, welfare and innocence of our future generations. We must urgently pray and act!
