Say No To Sexual Indoctrination Of Young Children in Public Schools!

The Department of Basic Education is inviting public submissions on the ["Draft National Policy on the Prevention and Management of Learner Pregnancy in Schools."](#)

Sexual activity amongst children in South Africa is at an all-time high. Teen pregnancies (in & outside schools) are also at record levels with many classroom pregnancies caused by teachers.

Scores of children - some as young as nine years old - are exposed to hard-core online pornography. As a result, child-on-child sexual abuse is a growing scourge in South Africa.

To combat the spiralling rates of teen pregnancies in South Africa, government has taken its cue from UN agencies like UNESCO by implementing "Comprehensive Sexuality Education" (CSE) in our public schools. However, CSE is a tool of global abortion and sexual rights activists.

The Policy document erroneously claims "CSE will ensure young people gain the knowledge and skills to make conscious, healthy and respectful choices about relationships and sexuality."

However, if you view the ["War On Children"](#) documentary you must acknowledge CSE is more accurately described as promiscuity, LGBTI and abortion education. It is the Trojan Horse of global sexual rights activists to indoctrinate your children with sexual perversion.

The "Institute for Research and Evaluation" conducted a [study of the effectiveness of CSE](#) in US schools. [The Report found that CSE was not only ineffective but harmful to students.](#)

CSE is a "rights" approach to human sexuality. However, the high rates of teen pregnancies, abortions, STI's and HIV/AIDS infections indicate a "health" crisis of epic proportions in SA.

Implementing CSE in our public schools is like pouring fuel on the fire. What South African school children really need is value-based abstinence education to help them navigate through the torrent of high risk "sexual rights" propaganda aimed at sexualizing young children.

UNESCO, who drives the global CSE campaign endorses [the "rights" of 5 year olds to enjoy sexual pleasure.](#) This is a diabolical agenda to indoctrinate children with sexual perversion.

If you are a parent or grand-parent, you must watch the 35 minute [“War On Children”](#) documentary to educate yourself about this wicked foreign-driven agenda against your children.

Please write to Ms T Shikwambane at pregnancypolicy@dbe.gov.za The original deadline of 10 February has been extended to 31 May 2018.

Please include your name, address, telephone number and email address in your submission. Please write in your own words. Your voice must be heard on this critical issue.
