### ***We Prayed For Godly Leadership In SA - Now We Must Elect Them To Positions Of Authority!***

Crime, corruption, the gross mismanagement of state resources, the promotion of sexual immorality, the unrestrained murder of the unborn, the devaluation of marriage and the family and the steady erosion of religious freedoms have all thrived under ANC rule.

These are indisputable facts that cannot be ignored. The ruling party’s obsession with retaining power at all costs has robbed the nation of the opportunity to fulfil its true potential.

The ANC defended and protected its former president, Jacob Zuma in 8 motions of no confidence in Parliament despite overwhelming evidence of gross maladministration and corruption.

President Cyril Ramaphosa is trying hard to stem the tidal wave of the rampant looting of tax-payers money, fraud, money laundering, gross incompetence and ANC inspired political killings.

SCOPA Chairperson, Themba Godi said, most [Municipalities in South Africa are in crisis](#) because of gross mismanagement and the looting of state coffers with impunity.

Violent crime appears to be out-of-control with a dangerous spike in cash-in-transit heists – [criminals use military grade explosives](#) to blow up vehicles and ATM machines in broad daylight.

Hijackings have also increased dramatically with fatal consequences for citizens. A Durban [Pastors 9 year-old daughter](#) and a father of two were killed within days in botched hijackings.

Violent armed robberies and land invasions are also increasing across the country while the SAPS are embroiled in growing internal strife, corruption and incompetence conflicts.

Many senior ANC officials responsible for the political instability and decline of South Africa’s economy still enjoy prominent positions in government and the full support of the party.

The High Court ordered the [State return R250 million](#) worth of assets to the Gupta criminal family because the corrupt and incompetent NPA (deliberately?) botched the provisional restraint order.

The ANC government is committed to enacting [the “Hate Crimes” Bill](#) by year end to curtail the “Christian Church’s historic intolerance of other religions” and its (Biblical) views on sexual sin – according to Minister of Justice and Constitutional Development, Michael Masutha.

The Department of Education is working with UN Agencies to implement [“Comprehensive Sexuality Education”](#) in public schools to indoctrinate children with sexual rights perversion.

Health Ombudsman, Malegapuru Makgoba, says "the country’s healthcare system is on the verge of collapse." Besides the [Life Isidimeni tragedy](#), there are many other atrocities.

The ANC’s response to its political and economic destruction of the country is to sieze land without compensation from law-abiding citizens and hand it to its supporters.

The General Elections is less than a year away. South Africa is desperate for righteous, Godly and principled leadership. It’s time to restore the South African dream. Vote your values.
