The Department of Basic Education (DOBE) has extended the deadline for public comments to 30 July for the draft [“National Policy on the Prevention & Management of Learner Pregnancies in Schools.”](#) Your voice must be heard on this critical issue at this early stage of policy development.

Government’s bizarre solution to the out-of-control teen pregnancy crisis is to implement the diabolical “Comprehensive Sexuality Education” (CSE) in public schools.

The groundbreaking [“War on Children”](#) documentary exposes CSE for what it is, abortion, promiscuity and homosexuality education to indoctrinate minors with perversion.

Parents and Pastors must watch the 35min [“War on Children”](#) documentary and write to the DOBE to register your outrage. CSE is a cunning tactic to bypass parental authority and indoctrinate children with sexual rights ideology that contradicts every tenet of Biblical sexuality.

You can also view a brief slideshow of the [dangers of CSE here](#). Please share this widely.

Please write to Ms. T Shikwambane at pregnancypolicy@dbe.gov.za by 30 July 2018.

The United Nations Fund for Population Activities ([UNFPA](#)) who along with UNESCO are driving abortion, homosexuality and other dangerous anti-family agendas in Africa.

The pro-abortion and pro-homosexual UN agencies have set their sights on South Africa because the ANC government sympathises with their radical anti-life and anti-family ideology.

The SA Government in partnership with global abortion activists is hosting an [International Abortion Conference](#) at Rhodes University in Grahamstown 8 – 12 July 2018.

Euphemistically entitled, “Abortion and Reproductive Justice: The Unfinished Revolution” the event seeks to spread its grim ideology of death throughout the continent of Africa.

Since US President, Donald Trump cancelled US funding for abortions around the world, liberal nations like Canada, France, the Netherlands and the UK have pledged hundreds of millions to expand the radical abortion agenda in Africa to dramatically reduce its population.

In a grim irony, all of these nations are currently experiencing severe population decline.

Liberal Western European nations are also funding the sexual rights agenda in South Africa/Africa, which include legalised prostitution, homosexuality, gender ideology and CSE.

The South African government has signed numerous UN documents supporting the global sexual rights agenda. That's why the ANC supports decriminalised prostitution despite the dire warnings contained in the SA Law Reform Commissions nine year Study/Report on the sex industry.

The Body of Christ has a duty to God to oppose what is wicked and promote righteousness and truth in society. Please pray and speak up for the sake of our children.
