ANC, DA, EFF Chaos Paving Way For Godly Governance In SA? Please Support The Vision!

The top three political parties in South Africa are currently embroiled in leadership scandals involving corruption, maladministration, racism allegations and mass resignations.

The ANC's corruption woes are escalating with new reports linking senior party officials to the R2billion VBS Mutual Bank looting frenzy. The ANC "Integrity Committee" recommends the [immediate suspension of all ANC cadres](#) linked to VBS. Where were they this past decade?

A growing number of ANC officials and appointees are being fingered for corruption in various sitting enquiries. The State Capture, SARS, PIC, NPA and SOE enquiries reveal a staggering litany of gross incompetence and rampant corruption that crippled South Africa's economy.

Alarmingly, despite the overwhelming evidence provided at these Enquiries, not one single public official has been arrested, charged and prosecuted for corruption, fraud and money laundering.

The EFF's carefully crafted image as brave "corruption busters" has been irreparably damaged by persistent allegations of corruption, including reports linking its senior leadership to the VBS Mutual Bank looting spree. EFF leader, [Julius Malema's family member](#) is also implicated.

The DA made the news for all the wrong reasons this past week. The De Lille saga just won't go away. [Five DA officials in the City of Cape Town resigned](#) in protest of alleged racism in the party. Threats and counter [threats of legal action](#) is threatening to derail the party's election plans.

Meanwhile, the vision for Godly Governance is gaining traction countrywide. The [brief video](#) in which I share the vision for 2019 got ten thousand views on social media this past week.

The turmoil and leadership chaos currently gripping the major political parties in South Africa underscores the desperate need for more Godly men and women in Parliament.

I am working flat out on several fronts to make the vision a reality in the 2019 Elections.

Significantly however, FPI's income has not kept pace with its increased workload. My six-month fundraising goal is lagging far behind. We managed to raise only R19,550 this past month. This means we must raise R271,000 in the next two months to finance our vital work and stay active.

We are monitoring legislation that threatens faith, family and religious freedoms. Our TV programs and social media campaigns also help keep Christian citizens reliably informed.

The current lack of resources means we are forced to dial back our efforts at a time when increased vigilance is required. Please help us finish strong by donating generously today.

The following diagram illustrates our current situation and funding goals till year-end. Please donate what you can today. Every gift strengthens the battle for faith, family & freedom.

6 x donations of R10,000 = R60,000
21 x donations of R5,000 = R105,000
29 x donations of R2000 = R58,000
27 x donations of R1000 = R27,000
28 x donations of R500 = R14,000
39 x donations of R200 = R7,800

Donations can be transferred directly into [FPI's banking account](#). As a registered NPO/PBO, contributions to FPI are tax-deductible. Tax-certificates are available on request.

Please make a generous donation today to help keep FPI on the frontlines of the battle for faith, family and religious freedoms. Your prayers and partnership is critical for our success.
