ANC/Soros Partnership - Very Bad News For Life, Faith, Family & Religious Freedoms!

The Presidency proudly [tweeted pictures](#) of President Cyril Ramaphosa meeting with US billionaire and liberal activist, George Soros and his son, Alexander in New York recently.

The meeting is very bad news for faith, family and religious freedoms in South Africa. George Soros is evil incarnate. He is the primary financier behind the global abortion “revolution, the global sexual rights agenda, CSE, decriminalised prostitution and attacks on religious freedoms.

President Cyril Ramaphosa is currently wooing global financiers to invest billions in South Africa’s flailing economy. Years of mind-boggling ANC corruption and mismanagement of state resources have destroyed state owned institutions and seriously undermined the nations economy.

Government’s desperation for billions in investment to plug the holes in the ailing economy is the perfect scenario for George Soros to exploit. If the Gupta family could capture the ANC and wrought so much damage – imagine what Soros could achieve in SA with billions of US dollars.

However, the evidence of [George Soros meddling in sovereign nations](#) suggests, his “Open Foundation Society” is the primary funder of the global abortion revolution, the relentless advance of the LGBTQ movement, the push for decriminalised prostitution and Comprehensive Sexuality Education (CSE) and efforts to seriously erode religious freedoms.

The ANC’s penchant for selling the nation to its wealthy benefactors means South Africa’s social policy could potentially be influenced via remote-control by liberal foreign groups.

If you think that is an exaggeration, remember the Gupta family hired and fired cabinet ministers and CEO’s of State Owned Institutions with the blessing of the South African government.

Soros is also the financial backer of the [anti-Trump movement](#) in the US and provides financial backing for radical far left groups on the University campuses of major nations.

In short, George Soros is a wicked individual who uses his vast wealth - not to alleviate poverty and inequality - but to promote a culture of death, social chaos and

family destruction worldwide.

The ANC's partnership with the Gupta family destroyed South Africa's institutions and its economy. Mr Soros could potentially fund the ANC's election campaign for a price. That price would be eradicating the sanctity of life, destabilising faith & family and eroding religious freedoms.

Soros reportedly also funds the DA. This could explain the official opposition's unshakable solidarity with the LGBTQ movement and their unconstitutional attacks on religious freedoms.

George Soros name pops up wherever evil is perpetrated across the globe. Ideologically, Soros and the ANC are perfect bedfellows. Like Soros, the ruling party supports abortion-on-demand, homosexuality, CSE, decriminalised prostitution and neutralising the Bible believing Church.

The SA government already has secret loan agreements with virulently anti-Christian nations like China and Saudi Arabia. George Soros would complete this anti-religious-freedom trifecta.

Consequently, The ANC, Soros alliance is truly a match made in hell.

For the sake of South Africa, please Pray, Vote Your Values and Stand for Righteousness.
